November 18, 2019

Dear Florida EMS Medical Director,

The key to a highly effective EMS system is an involved EMS Medical Director. This is true both for a local EMS provider, and for the statewide EMS system as a whole.

We are very fortunate in our state to have the Florida Association of EMS Medical Directors (FAEMSMD) to keep us informed of active and ongoing EMS issues. The association also serves as an advisor to the Florida Department of Health through our State EMS Medical Director.

There are many benefits of membership including: legislative and regulatory monitoring and participation; representation on National workgroups and committees; discounted CLINCON registration fees for member paramedics/EMTs; and quarterly meetings covering current topics that impact EMS systems on a state and national level. These benefits translate to our local communities and the public we serve through shared practices, protocols, and information that is critical to emergency medical services.

These activities are funded and supported exclusively through membership. Membership dues, participation and input are a key component in allowing this association to continue to promote your practice as EMS Medical Directors, as well as, provide scholarship and other financial support to statewide education programs and offerings.

I am soliciting you to join with other dedicated EMS Medical Directors and support the FAEMSMD through active membership and involvement. Each EMS provider system is allowed one full voting membership at a cost of $325.00. You may add any number of individuals from each system for a cost of $125.00 per person. We encourage you to add your co-directors so that they too, are more informed of the issues and have the ability to vote in your absence.

Click here to join/renew online: http://www.cvent.com/d/j6qwkt.

We are your organization, representing the interest of all EMS medical directors in Florida.

Sincerely,

Christopher Hunter, M.D., Ph.D.
President

Note: All current memberships expire on December 31, 2019. Use the link provided to renew online and ensure you will receive the most up-to-date information regarding the issues that affect you and your fellow EMS medical directors. A paper copy of the membership application can be requested by emailing mkeahey@emlrc.org.
