Safe Prescribing of Controlled Substances

Topic: *Safe Prescribing of Controlled Substances*

Duration: 137 minutes

Target Audience: Licensed physicians registered with the United States Drug Enforcement Administration to prescribed controlled substances.

Prerequisites: NONE

Webinar Overview and Objectives:

This in-depth course will review the scope of the current opioid crisis including a historical lookback on how we arrived at this epidemic. The pharmacology of opioids and their antagonists as well as the standards of prescribing and e-prescribing opioids for acute and chronic pain will be reviewed. This is will be followed by a discussion on the alternative and adjuncts to opioids for pain management including evidence based addiction treatment options and optimal standard of care treatments of pain. This course will review recent legislative updates and how it affects you - the practitioner.

- Describe the current scope of the epidemic
- Discuss the historical perspective and how we got here
- Describe how to manage pain in an acute setting
- List treatment options/standards to minimize morbidity and mortality
- List and describe strategies for harm reduction
- Discuss HB 21 and describe how it affects your practice
- List alternatives to opioids
- Review and describe addiction treatment with Medication Assisted Treatment

Disclosure of Significant Relationships with Relevant Commercial Companies/Organizations from Individuals in Control of CME Content

In accordance with the Accreditation Council for Continuing Medical Education's Standards of Commercial Support and the Emergency Medicine Learning & Resource Center policy, all individuals with control over CME content (including but not limited to staff, planners, reviewers, and faculty) must disclose whether or not they have any relevant financial relationship(s) to learners prior to the start of the activity.

Disclosure of a relationship is not intended to suggest or condone bias in any presentation, but is made to provide participants with information that might be of potential importance to their evaluation of a presentation.

All individuals with control over CME content have no financial interests or relationships to disclose.

Disclosure of Commercial support:

In accordance with the Accreditation Council for Continuing Medical Education's Standards of Commercial Support and the Emergency Medicine Learning & Resource Center policy, the source of all support from commercial interests (including "in-kind" support), or lack of commercial support, must also be disclosed to learners prior to the start of the activity.

NO COMMERCIAL SUPPORT WAS RECEIVED.

Continuing Education Information:

ACCME - The Emergency Medicine Learning and Resource Center (EMLRC) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

EMLRC designates this Internet enduring material for a maximum of 2.25 AMA PRA Category 1 Credit[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

FBON - The Emergency Medicine Learning and Resource Center is approved as a provider of nursing education by the Florida Board of Nursing, Provider #2731. Up to 2.0 nursing contact hours will be provided by the EMLRC.

FPA - The Emergency Medicine Learning and Resource Center is approved as a provider of continuing medical education by the Board of Florida Physician Assistants; Provider #50715. A maximum of 2.0 AMA PRA Category 1 Credits[™] will be provided by EMLRC. AAPA accepts certificates of participation for educational activities certified for AMA PRA Category 1 Credit[™] from organizations accredited by the ACCME or a recognized state medical society. Physician assistants may receive a maximum of 2.25 hours of Category 1 credit for completing this program

This course has also been approved by the Florida Board of Medicine; Florida Board of Dentistry; the Florida Board of Osteopathic Medicine; Florida Board of Optometry and Florida Board of Podiatry.

Method of Participation/How to Claim your CME:

In order to receive continuing education credit, you must: view the entire presentation, complete the **Safe Prescribing of Controlled Substances** posttest **and** the overall course evaluation. You must earn a minimum of 50% on the post-test in order to receive CE credit. Once you've attested to the completion of the course and the number of credits you've claimed, you will be able to access & print your certificate of completion.

Time to complete the course

It is estimated that this course will take 2 hours 17 minutes to complete.

Date of original release: 06/25/18

Date of revision: 12/18/20

Termination Date: 12/17/22
